PROGRAM DESCRIPTION

Alzheimer's disease and related disorders now affect well over 5 million people in the United States. Options for earlier detection and life extension bring new challenges involving care choices and methods, both on an individual and a societal level. This year's conference theme is "The Road Ahead," with an emphasis on planning for the future, and addressing some unique dimensions of Alzheimer's and other dementias.

PROGRAM OBJECTIVES

- Review the milestones of Minnesota dementia care development, and describe a unified model for future work.
- Describe the Alzheimer's Work Group legislation and progress to date.
- Explain how Alzheimer's disease impacts people with developmental disabilities.
- State three techniques to work effectively with people with Alzheimer's disease and developmental disabilities.
- Explain the role of behavior in communication.
- Describe the ABC's of behavior.
- Describe the concepts of *Snoezelen* and experience its benefits.
- Obtain the knowledge and tools to create a *Snoezelen* room or travel kit.

TARGET AUDIENCE

This program is designed for professionals who work with those affected by Alzheimer's disease and other dementias. Direct care staff and family members may also find the program content valuable.

PARKING PERMIT REQUIRED.

THIS BROCHURE WILL BE YOUR PARKING PERMIT.
PLEASE DISPLAY ON YOUR DASHBOARD
WITH PERMIT DATE SHOWING.

TEMPORARY PARKING PERMIT

SOUTH CENTRAL COLLEGE
