Student Achievements

MSU Sport Management students had an incredible opportunity to work directly with a professional sports organization this summer. Partnering with the Minnesota Vikings in a fashion like never before, twenty-three interns composed of both graduate and undergraduate students, managed the Alltel Vikings Training Camp at Blakeslee Stadium in the heart of the MSU campus. The Vikings were very pleased with the interns' hard work and have offered more internship opportunities to our students this fall. All of the sport management interns received the Vikings Sport

Management Scholarship at the end of the internship.
