RESEARCH FORUM 2009

Mu Lambda Research Forum 2009: "Complexity in Caring"

KEYNOTE SPEAKER

John Nelson, RN, MS Mr. Nelson is currently the President for Healthcare Environment, Inc., an international data management and consultation company. His experience includes 11 years of clinical experience as a staff nurse and eight years as a statistician and consultant in data management for healthcare organizations. Nelson specializes in statistical analysis of clinical, financial, and labor indicators using multivariate analysis and supplementation of qualitative data when required.

Longitudinal design studies conducted by Mr. Nelson assists executives with understanding the evolution of their work environment over time at the aggregate and unit level during implementation of organizational wide initiatives. His specialty research areas include job satisfaction, Watson's theory of caring, workload modeling, and safe patient handling.

He has published in peer reviewed nursing journals, published in books used in nursing education, and spoke at several conferences throughout the United States and abroad. He is a doctoral student at the University of Minnesota and is a member of several professional healthcare organizations.

PRESENTATION TITLE "Complexity in Caring"

OBJECTIVES

1. Identify the profile of nurses effective in caring
2. Examine methods applied in contemporary science of caring research
3. Review the state of caring research to date that has tested Watson's Theory of Caritas (caring)
4. Establish an understanding how complexity science can assist with furthering science of caring research.

This will be an interactive session with participants encouraged to ask questions throughout the presentation of research.

CONFERENCE LOCATION AND TIME

South Central College
1920 Lee Boulevard
North Mankato, MN 56003
Conference time is from 7:30 A.M. to 12:00 P.M.

CONTINUING EDUCATION CREDITS

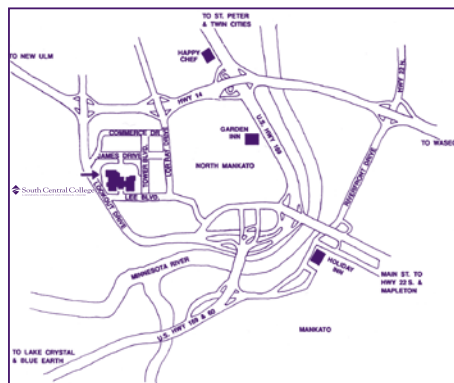

Participants who attend Mu Lambda Research Forum 2009 will receive a certificate for 3 contact hours. It is the responsibility of each nurse to determine whether or not the conference meets the licensure registration requirements for their respective state.
