Pre-Requisite Override Request Form

- A pre-requisite override is required when a transfer or substituted course is the pre-requisite to the course you are trying to register for.

- The substitution/waiver form does not eliminate the need for the pre-requisite override.

- This form is intended to override the pre-requisites for Nursing courses and PSYC 343 only, and only for students getting the pre-req error (000068). If you are getting an error for a course other than a Nursing course, or PSYC 343, you must see that particular Department (i.e. Biology, Mathematics)

- Pre-requisite overrides will be processed for the following Nursing courses: NURS 282, NURS 284

- Pre-requisite overrides will be processed for the following Psychology course: PSYC 343

Date: ______________________  Major: ______________________
Name: ______________________  StarID: ______________________
Semester registering for (Fall, Spring or Summer): ______________________

List the class(es) you are registering for that require a pre-req override. Include the course discipline and number. Example: NURS 282
