

Family and Society Simulation and Technology Conference: Advances in Research, Education and Practice

August 2020 Call for Abstracts at Minnesota State University, Mankato, USA

Welcome to the call for abstracts for expert speakers, podium and poster presentations being held at the Maverick Family Nursing Simulation Center at Minnesota State University, Mankato USA August 10 - 13, 2020.

Monday, August 10 - preconference simulation tools for beginners, evening social
Tuesday, August 11 - expert lecture, podium and poster sessions
Wednesday, August 12 - expert lecture, podium and poster sessions
Thursday August 13 - post-conference sessions with experts by appointment

This conference will focus on the use of simulation and technology to advance family and societal health. Topics of interest will include research, education, and practice initiatives within a variety of disciplines. This conference will include the opportunity to network and learn from experts in simulation, technology (including digital storytelling), family and societal health, nursing and interprofessional education. During this conference, participants will have the opportunity to tour and collaborate in the Society for Simulation in Healthcare (SSH) accredited state-of-the-art Simulation Center and Learning Resource Lab with multi-bed skills lab, high-fidelity manikins ranging from newborns to adults, a family suite, and video capture technology for use in simulation and debriefing.

Topics of this conference include but not limited to:

- Innovations in Research, Education and Practice Using Simulation and Technology
- Advances in Interprofessional Education Using Simulation and Technology
- Simulation Education to Enhance Family and Societal Health
- Building Relational Communication through Simulation and Technology
- Leveraging Technology to Foster Partnerships
- Best Practices in Simulation Operations (e.g., equipment, policies, funding)

Interested presenters are encouraged to send their objectives and format of the proposed presentation by January 15, 2020. Presenters will be notified by March 1, 2020.
