

# Implementing Evidence:

## A Team Approach to Falls Prevention among Community Dwelling Older Adults

Falls can be a significant danger for older adults in Minnesota. Learn about what contributes to the risk of falls, evidence-based strategies to prevent falls, and how to create a fall prevention action plan.

Speaker: **Siobhan McMahon**  
*PhD, MPH, GNP-BC*

Associate Professor and Director of the Center on Aging Science and Care Innovation at the University of Minnesota School of Nursing.

**Ostrander Auditorium**  
**Tuesday, November 18, 2025**  
**3:30 p.m. to 4:30 p.m.**

Students, faculty, staff  
and the community  
are warmly invited.
