

# Fear of Isolation

Where do I belong?

## Fluent World

Whoa!! What was *that*?  
We know you can do better.  
Don't let it happen again...or  
*else*.

Man, was *that* embarrassing!  
We should've used a *normal*  
speaker...but everybody  
thought you were - you know,  
*normal*.

How *dare* you deceived me!  
You never mentioned "*that*."  
It would've changed everything.  
Liars aren't welcome here!

You can't understand  
my world.  
You're *too* fluent...  
Why are you here?

You've *never* struggled like me.  
You rarely stutter...  
So what's your "big problem?"

What gall! Trying to  
support *me*, as if  
you're a *real*  
stutterer...  
You just can't relate.

## Stuttering World
