PEACE OFFICER  
EDUCATION

The Law Enforcement Program is a pre-professional program accredited by the Minnesota Board of Peace Officers Standard and Training (POST) that is designed to prepare students to successfully meet the requirements to take the state licensure exam in order to obtain employment as a peace officer in the State of Minnesota. The faculty have a vast array of academic and professional experiences and work diligently to ensure the program produces the best-prepared graduates in the state. The program also offers a minor in law enforcement.

## STUDY ABROAD TOURS

We believe study abroad tours provide students with immeasurable experiences and knowledge, as well as extend their network across the globe of new friends and potential employers. So far, trips taken include tours to Great Britain (England, Scotland and Northern Ireland), Iceland, Ireland, Spain, Italy, Switzerland, France, the Netherlands, Germany, the Czech Republic, and Austria.

These experiences give students the opportunity to learn about comparative justice systems and international responses to terrorism; learn from police in these other nations and other first responders, and sometimes embassy personnel. Often visited are concentration camps, jails, museums, and other historic and cultural landmarks.

Our goal for all adventures is that every student participant will see “first hand” that there are numerous ways of doing things, and that speaking with people of diverse backgrounds and cultures only serves to expand one’s knowledge-base. In addition, international travel often brings to a person a greater degree of confidence in one’s self, an appreciation or understanding of how to function in a different culture, and a heightened level of adaptability that was not realized prior to international travel. Most importantly, we want students to feel prepared for anything as well as have an exceptionally fun yet educational time!
